# TWO COURSES!

**This is two courses taught in the same classroom, at the same time by the same instructor! They are:**

## 3D Animation & Modeling

### and

## 3D Character Design & Animation

- The content of both classes overlap
- Both classes use the same software
- Some of the time both classes will work on the same project

**Today both classes will begin creating 3D characters using software called "Sculptris".**
